

Connector	MultiSense-SL side	Mate, matching plating	Mate, stock plating
J1	801-009-07MT9-19PA	801-007-16MT9-19SA	801-007-16M9-19SA

**Notes:**

24v input power bus accepts 12v to 48v nominal voltages.

MultiSense S21 is delivered with Glenair "1000 hour grey" [MT] coating on all connectors. This coating is preferred for mating cables, but is generally not stocked by Glenair. If stocked connectors are preferred, order mates with "Electroless Nickel" [M].
